Thanks Jayne for pulling together. To build off of Jenny's comments, I would expand key message discussion to include NOAA leadership as well. E

Ex. 5 - Deliberative

Ex. 5 - Deliberative

For the "Consequences of state not Complying with SA" category, not sure what you are getting at by "what decisions we need to make when"--that seems more like an internal NOAA/EPA question on when to "pull the trigger" so to speak making a decision about what to do with the impending deadline and how to proceed, not necessary something we need to discuss with the Gov't office. Perhaps I'm misinterpreting this statement?

This looks great, Jayne. Here are a few additions to the questions below. I basically have moved up key messages from a sub-bullet to a larger topic. Those key messages will probably be informed by the "Evaluation of Options" questions, too.

Subject: REVIEW by COB April 2: Table of Tasks & Agenda for OR CZARA Feds Only C all for April 9

Hi All,

Please review the agenda below and attached list of tasks and email your comments to me by COB April 2.

Proposed Agenda

Key Messages for Dennis and Dan at Governor's Meeting

- What do EPA and NOAA want from Oregon re: additional forestry mgmt measures? Re: OSDS? Re: New Development? Re: nonpoint sources in general?
- What is our message re: nonpoint source implementation of their programs and enforcement?
- What is our message on moving forward? Who does it and by when?
- What is our stance on renegotiating the Settlement Agreement?

Evaluation of Options

- What are Oregon's options with respect to addressing the remaining condition of "additional forestry measures" given their current situation (rule change, implementation ready TMDL, guidance or regulation with attorney general opinion that NPS BMPs can be enforced)?
- How realistic are these options and what is the timeframe for pursuing each option?
- What is our threshold or minimum we can accept?

Consequences of State Not Complying with SA

- How serious is EPA and NOAA's threat of withholding funds and disapproving the program?
- How do we best explain the consequences of each option to the state agencies?
- What decisions do we need made and when?

Review of Task Chart & Preparation for Upcoming Meetings

- How to best prepare for the upcoming meetings?
- Can the briefing paper be used for all of the upcoming meetings? What other background documents need to be developed?
- What key messages do we need to communicate in each of the meetings (state agencies, RA & Governor's office meetings)?

Thanks!
